

NITROGREEN 13-0-0

Nitrogreen is an OMRI approved 100% plant-based organic fertilizer for use on all plants and vegetables. It is derived from hydrolyzed non-GMO plant protein. The all-purpose fertilizer is 100% water soluble and goes into solution quickly to ensure immediate delivery of its nutrients. With the highest nitrogen available in the organic industry, Nitrogreen is essential for plant growth and establishment. Nitrogen synthesizes amino acids, chlorophyll, nucleic acids and enzymes. Plants need nitrogen more than any other element. As a plant based fertilizer, it will not burn plants. Nitrogreen can be used on all plants and vegetables in all environmental and site conditions.

BENEFITS

- . 100% water soluble fertilizer
- . Goes completely into solution for immediate nutrient delivery
- . Plant based fertilizer, will not burn plants
- . Highest nitrogen available in the organic industry
- . OMRI approved.

DIRECTIONS FOR USE

1 ounce of Nitrogreen per gallon of water. Slowly pour in water and mix until it goes into solution. For small bushes and roses, apply up to ½ gallon. For flowers and vegetables, apply up to 1 gallon per 12-15 square feet. For hydroponic use, apply 6 grams per gallon of water. For agricultural use apply 2-10 pounds per acre. Reapply every 2-3 weeks during the growing season. For indoor plants apply 2 teaspoons per gallon of water. Feed plants every 2-3 weeks. Nitrogreen can be applied at all stages of growth depending on the fertilizer program. In general fertilizer begins at or prior to planting and used as needed. Nitrogreen is a commercial fertilizer and should be used as part of a comprehensive nutrient management program on all conventionally and especially on all organic plants.

ANALYSIS

GUARANTEED ANALYSIS 13-0-0

Total Nitrogen (N).....13%

13% Water soluble Nitrogen

Sources: Soy Protein Hydrolysate

STORAGE:

Store in the original container in a cool, dry location with the lid secured away from excessive heat and moisture.

Nitrogreen is grown and processed in the USA

Nitrogreen is available in 14oz. retail packages; 2, 10 and 30 pound pails and in bulk 50 pound bags.
