

TREE MOIST & TREE MOIST PLUS

FOR IMMEDIATE RELEASE.....

JRM Chemical's **Tree Moist** and **Tree Moist Plus** Christmas Tree granules are non toxic polymer crystals that absorb water similar to a sponge and store over 200 times their weight in water. Both products reduce Christmas tree waterings and spillage. No more stained carpets or hardwood floors, crystals are simply swept up if spilled.

Tree Moist Plus includes a preservative to preserve tree freshness and color.

Tree Moist and **Tree Moist Plus** are packaged in resealable bags with shelf and floor displays that can be merchandised with other popular trim-a-tree items. The colorful bags can be clip-stripped or J-hooked at popular selling locations throughout the store. Each package will treat a one gallon tree stand.
